10           **WHEREAS**, County departments are authorized and directed by provisions of state law and the  
11 Mono County Code to perform various services, including but not limited to processing applications  
12 for permits; and

13           **WHEREAS**, applicable provisions of state law and the Mono County Code authorize the  
14 County to charge fees for the services of its departments in amounts not to exceed the County's costs of

17 fully recover the County's costs of providing those services; and

18           **WHEREAS**, the Board of Supervisors has conducted a duly-noticed public hearing regarding  
19 certain proposed new or increased fees, in accordance with Government Code sections 66016 and

24 services for which the fees are charged; and

25           **WHEREAS**, it would be convenient for County administration and the public to be able to  
26 consult one or more lists summarizing then-current County fees.
