Plan the Park!

Mountain Gate Park Recreation and Revitalization

Your help is needed to plan the future of Mountain Gate Park!

The Antelope Valley Regional Planning Advisory Committee and Mono County Community Development Department are **seeking community and visitor input** about future use of county property along the West Walker River south of Walker.

This project will enhance the recreational opportunities and ecological features of Mountain Gate Park through the development of sustainable trail system(s) and watershed improvements that promote fish nurseries, bird habitat, and public access. Returning the West Walker River's vitality will benefit the communities of Walker and Coleville, the local economy, and the travelling public.

How this will happen and what the future expanded park will include is up to you. Please see reverse for ways to share your ideas.
