Janet Dutcher, Finance Director  
**Re:** Structurally Balanced, Mono County Base Operating Budget Workshop for 2018 -19

**Recommended Action:**

1. Conduct a budget workshop regarding the 2018 - 2019 Basic Operating Budget;
2. Provide Board input and direction; and,
3. Direct staff to schedule the 2018-19 Budget Hearings for June 12, 2018.

**Discussion:**

The Mono County Finance Department and County Administration, in coordination with all County Departments, are pleased to present the 2018-19 Base Operating Budget. It is a basic operating budget that is **structurally balanced** (without the use of carryover fund balance).

Adopting a structurally balanced budget is the first step on the road to achieving Mono County's strategic priority of fiscal resiliency. While the journey has begun, reaching our destination will take time and discipline. This budget gives us a look at what would happen if there were no fund balance to rely on. While it funds 95% of the department requested budgets and maintains all staff positions that were filled on May 1, 2018, it defunds 25 positions that were vacant at that time. Some of those positions are critical for operations, and without them, the County most certainly will not achieve its strategic priorities for 2018-19. This exercise shows us that in the next downturn of the economy, we can maintain a base level of operations by using survival strategies to conserve resources and avoid depletion, but as we look at what this budget includes and does not include we realize that it does not provide a foundation that is strong enough for the County to spring back, adapt and grow when the next recession hits. This tells us that we are sustainable, but not yet resilient.

The following quote from Finance Director Janet Dutcher's presentation on fiscal resilience is worth remembering and using for inspiration as we embark on our journey:

***"Financial resilience is a set of organizational behaviors that can, upon repetition and practice, establish a habitual pathway towards excellence in local government."***

*Joseph P. Case, County Administrator, Chesterfield County, VA*

For those departments that provide value added services, as opposed to core operations, this budget does not seem like the embarkment of an exciting journey, and rightfully so. One of the challenges of preparing this basic budget was the realization that it would be impossible to include some extremely valuable programs at this time. Examples include:

- Funding subsidies for local fire departments and small special districts;
- EMS proposed program for Benton;
- Fish stocking beyond the current contract for this summer;
- Community grants and program subsidies; and,
- Mammoth Yosemite Airport air service subsidy.

Luckily, between July and September, this County will have the opportunity to juxtapose the Mono County Strategic Priorities to the available resources and choose how to appropriate the carryover fund balance to align with County values and priorities and provide additional funding for valuable programs along with implementing long-term resiliency strategies for enhancing reserves and providing funding plans for capital improvements.

In the meantime, this budget provides for:

- Core services such as public safety, public health, community safety net services, road and infrastructure repairs and improvements, community and economic development services and governance and administration;
- Funds to facilitate implementation of the results of the salary survey;
- Continuation of the telephone system replacement;
- Fish stocking for the summer months;
- Senior services at the current level;
- Emergency medical services at the current level;
- Mandated subsidies for Roads, Social Services, and Behavioral Health; and
- Seed money to continue efforts towards the radio communications system project; however, the vacant Radio Communications Technician is not funded.

As we become more adept at identifying and implementing strategic priorities and more precise in projecting long term revenues and expenditures, value added programs will be included in the structurally balanced budget that the County adopts each year in June. This will not happen overnight, but will be the result of small consistent improvements, along with commitment and discipline over time.

**Fiscal Impact:**

There is no fiscal impact as the result of this workshop; however, the budget submissions that will be discussed at the workshop are summarized below:

	Department Requested Budget			Base Operating Budget		
	Expense	Revenue	Net	Expense	Revenue	Net
<b>General Fund</b>	\$40,674,400	\$35,701,565	(\$4,972,835)	\$35,719,865	\$35,719,865	\$0
<b>Non-General Fund</b>	\$64,713,242	\$59,674,879	(\$5,038,363)	\$64,337,055	\$59,298,692	(\$5,038,363)
