STEP 2

Once clinics are scheduled for each tier/phase, you will receive an invitation at the appointed time to register for your first and second vaccination. Please do not arrive at any clinic unless you have an appointment. On-site registration is not available at this time and slows down the vaccination process for others. Vaccination appointments are for people who work or live in Mono County, regardless of immigration status. Your ID or proof of local employment and/or full-time residence may be required at the vaccination clinic.

STEP 3

Arrive at your clinic at your appointed time. Wear a t-shirt under your layers. You will receive your vaccination card on-site, which you will need for your second vaccination.

STEP 4

Continue to keep wearing a mask, wash your hands, stay 6 feet apart, and do not gather indoors with those outside of your immediate household unit until the vaccine has been widely distributed.
