MONO COUNTY  
OFFICE OF  
EMERGENCY  
MANAGEMENT

**Mono** 

**READY.MONO.CA.GOV**

# MISSION

---

The Office of Emergency Management (OEM) coordinates the Mono County emergency management program to prepare, respond, recover and mitigate from all-hazard events. The OEM develops, maintains, and implements the ability to direct, control, manage and coordinate emergency operations in cooperation with local, State and Federal governmental and private sector agencies.

# VISION

---

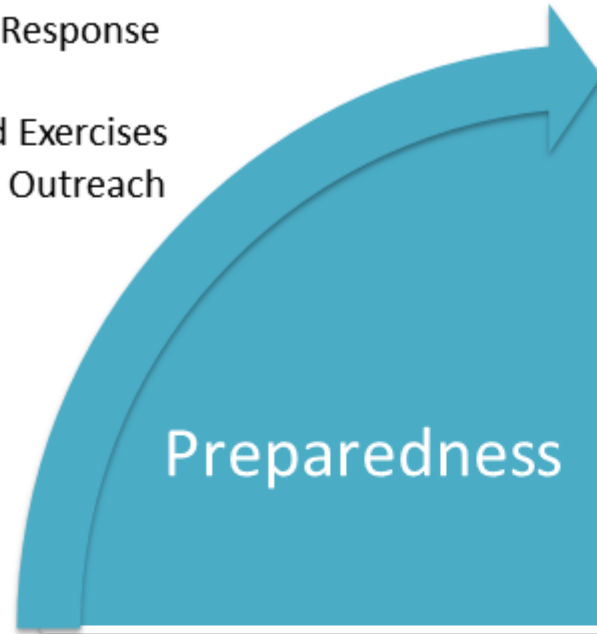

Building a safer future through effective partnerships of local government, emergency services, private sector, and volunteer agencies and the citizens of Mono County to save lives, protect property and reduce the effects of disasters through preparedness, prevention, response, and recovery activities.

# GOALS

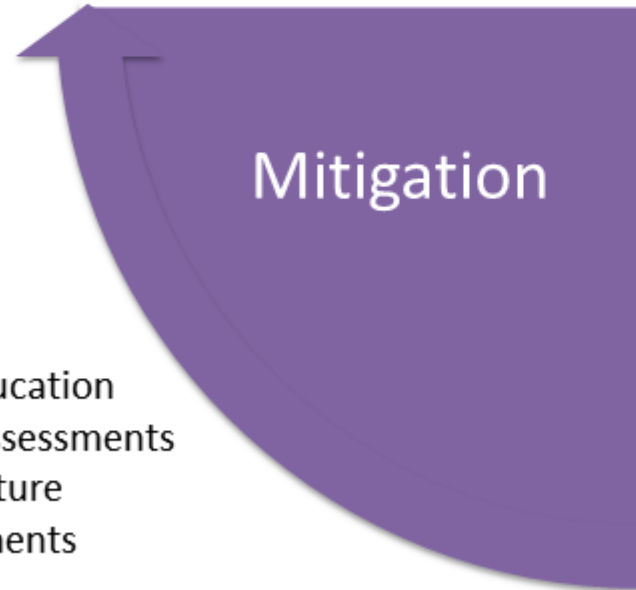

---

- Develop and maintain plans for major emergencies / disasters that build on and complement the existing operational policies and procedures of local emergency response agencies.
- Establish an annual training program that develops and maintains necessary emergency management skills, including conducting exercises to test emergency response plans and procedures.
- Provide the direction and coordination to identify and manage the additional resources needed for a major emergency / disaster response.
- Gather and disseminate information to the public, media, and local government agencies to assist in the preparation, response and recovery from major emergencies / disasters.
- Serve as the focal point for coordination and liaison of activities between local, state and federal government in the response to and recovery from major emergencies / disasters.
- Comply with Federal Emergency Management Agency (FEMA) and the California Office of Emergency Services (Cal OES) requirements for receipt of program funds.
