Commanding Officer
Marine Corps Mountain Warfare Training Center
Bridgeport, CA

Dear Commanding Officer,

I hope this letter finds you well. On behalf of our community, the Bridgeport RPAC would like to extend our continued appreciation for the longstanding relationship between the Marine Corps Mountain Warfare Training Center and the Bridgeport community. The presence of the base has long been an integral part of our town's identity, history, and local economy, and we deeply value the connection we share.

As our community continues to grow and evolve, we are committed to maintaining and strengthening this important partnership. One meaningful way to support that effort is through open communication and collaboration. With that in mind, we are writing to respectfully request that the Command consider designating a representative to attend our monthly RPAC (Regional Planning Advisory Committee) meetings in Bridgeport.

Having a representative from the base present at these meetings would provide an opportunity for timely updates on activities, upcoming initiatives, and any developments that may impact or involve the broader community. It would also allow for ongoing dialogue, helping to ensure that we remain aligned in our shared interests and continue to identify ways the community can support the important mission of the base.

The Bridgeport community greatly values being informed and engaged, and we believe that consistent participation in these meetings would further strengthen the strong relationship that has been built over many years. We recognize the demands placed on your personnel and sincerely appreciate any consideration you can give to this request.

Thank you for your time, your service, and your continued partnership with our community. Please do not hesitate to reach out if you would like any additional information regarding the RPAC meetings or how we can further support your efforts.

Respectfully,

The Bridgeport RPAC
