FOR IMMEDIATE RELEASE

Mono County Seeks Public Input on 2025 Capital Improvement Plan

MONO COUNTY, Calif. (DECEMBER 9, 2024) – Mono County invites residents and stakeholders to provide feedback on the 2025 Capital Improvement Plan (CIP). This comprehensive plan outlines the County’s short and mid-range strategies for developing, maintaining, and improving essential infrastructure.

The CIP is a vital tool for guiding the County’s future growth and ensuring the well-being of its residents and visitors. It encompasses a wide range of projects, including:

- Road and Transportation Improvements: Expanding and upgrading roads, bike lanes, and sidewalks to enhance mobility and safety.
- Water and Sewer Infrastructure: Maintaining and expanding water and sewer systems to support sustainable growth.
- Park and Recreation Facilities: Developing and improving parks, trails, and recreational facilities for community enjoyment.
- Public Safety Facilities: Modernizing and expanding public safety facilities to enhance emergency response capabilities.
- Other Essential Infrastructure: Investing in essential infrastructure, such as bridges, airports, and government buildings.

How to Provide Input:

Residents and stakeholders are encouraged to review the 2025 Capital Improvement Plan and provide feedback through the following methods:

1. Online: Visit the Mono County CIP [website](#) to access the plan and submit comments online.
2. Email comments to MonoCountyCIP@mono.ca.gov
3. Mail comments to:
Mono County Administration

% CIP Public Comments
1290 Tavern Rd
Mammoth Lakes, CA 93546

4. In-Person: Attend the Board of Supervisors meeting and or Planning Commission meeting when the plan will be presented. The CIP is presently planned to be presented to the Mono County Planning Commission on Jan. 16, 2025 and is presently planned to be presented as a consent item to the Board of Supervisors on Feb. 4, 2025.

Residents can access the draft CIP [here](#).
