**STATEMENT OF CANDIDATE FOR
UNITED STATES REPRESENTATIVE, DISTRICT 3**

KEVIN KILEY

Occupation: U.S. Representative 3rd District

Education and Qualifications: As your Representative, I worked to enact the Bi-Partisan Fiscal Responsibility Act, limiting spending and saving taxpayers \$2.1 trillion by cutting waste, fraud, and abuse while fully protecting Social Security, Medicare, and support for our veterans.

We have all witnessed the devastating consequences of this Administration's failure to secure the border: deadly fentanyl, dangerous criminals, and human trafficking threaten our communities as a result. I helped pass the Secure the Border Act and have urged the President to sign this legislation for common-sense border security.

My top priority will always be our district. I helped secure millions of dollars for crucial fire protection, water projects and transportation improvements in our district and am working to enact a tax credit to ease the burden of fire insurance.

As a former high school teacher, I'm working on the Education Committee to give every child access to a quality education. As a former Deputy Attorney General, I'm working on the Judiciary Committee to support law enforcement and stop rising crime. As the Chairman of the Workforce Protections Subcommittee, I'm fighting to protect workers' rights and advance economic opportunity.

Our district is my home. It's where I was born, raised, and attended public schools. It is an honor to be your Representative, and I humbly ask for your vote.

s/ Kevin Kiley

**STATEMENT OF CANDIDATE FOR
UNITED STATES REPRESENTATIVE, DISTRICT 3**

JESSICA MORSE

AGE: 41

Occupation: Deputy Secretary for Forest and Wildland Resilience

Education and Qualifications: My family has been in the Sierra Foothills for five generations. I grew up fishing, hunting, and backpacking, including hiking 500 miles on the Pacific Crest Trail. My parents were teachers and didn't make much money, but they worked hard and taught us to give back to our church and community. So, when I graduated college in the wake of 9/11, I raised my hand to help. As a civilian, I deployed to Iraq alongside our troops. I spent the next decade serving in national security roles around the world, working to stop corruption, human trafficking and terrorism.

In 2018, when the campfire broke out in Paradise, I dropped everything to serve again and help find solutions to prevent such devastating fires. I joined the California Natural Resources Agency as Deputy Secretary leading wildfire prevention efforts. I worked hand in glove with CAL FIRE, loggers, and environmental leaders, to design and implement a nation-leading wildfire prevention program to protect our families, homes, communities, and public lands, showing real results in reducing megafires.

A wildfire doesn't ask if you're a Republican or a Democrat and neither do I. It's time to solve our common challenges: skyrocketing costs of insurance, housing, and gas; turning the tide on homelessness; providing quality affordable healthcare; and protecting women's reproductive rights. We all want our children safe in schools and our seniors to retire with dignity. Our community deserves a fierce advocate and problem solver. Together we can vanquish partisan politics through true public service. www.morseforcongress.com

**STATEMENT OF CANDIDATE FOR
MEMBER OF THE STATE ASSEMBLY, 8TH DISTRICT**

DAVID TANGIPA

AGE: 28

Occupation: County Representative / Businessman

Education and Qualifications: As a first-generation American and son of a veteran, I was raised with the values of freedom and liberty. I am running for the State Assembly because California needs new leadership and a fresh perspective. The high cost of living, forest mismanagement, crime, homelessness, and insurance issues plague our community.

As a field representative in county government, I worked on the Creek Fire that took the homes of my family and friends. I have fought for responsible forest management to lower insurance rates for residents in the foothill and mountain communities. As a local businessman, I have assisted families with buying their first home and achieving the American dream.

I became the first person in my family to graduate from college and earned degrees in political science, criminology, and a Master's in Business Administration, all while playing football for the Fresno State Bulldogs. I am endorsed by outgoing Assemblyman Jim Patterson, District Attorney Lisa Smittcamp, former Sheriff Margaret Mims, Sheriff John Zaroni, Sheriff Rick DiBasilio, former Sheriff Jeff Hollowell, California Professional Firefighters, California Highway Patrol, and others.

I would be honored to have your vote to restore the future of California. For more information visit: davidtangipaforassembly.com

**STATEMENT OF CANDIDATE FOR
MEMBER OF THE STATE ASSEMBLY, 8TH DISTRICT**

GEORGE RADANOVICH

Occupation: Family Business Owner, Former U.S. Representative

Education and Qualifications: I am running for the State Assembly to shake up the status quo in Sacramento, protect taxpayers and toughen up our laws against crime. I stand for stronger border security, law enforcement, less debt and lower taxes. I pledge to protect our Constitution and our rights.

Our district is where I was born, where my family started a small business in 1955 and where I opened the first local winery in 1986. Voters chose me to represent our area in Congress, but after losing my wife to cancer, I voluntarily stepped down over 10 years ago to devote full time to raising my son, serving as Chairman of our family business, and eventually becoming President of the California Fresh Fruit Association.

I cannot stand by any longer and watch the bad policies coming from Sacramento harm working families and law-abiding citizens. As your State Assemblyman, I'll use my farming and legislative experience to fight for plentiful water supplies; increased water storage; better roads and highways, and policies that help our farms and businesses thrive.

I oppose tax increases. Californians already pay too much. I'll work to end wasteful government spending and reduce the tax burden.

The Republican Party's of Fresno, Madera, Tuolumne and Calaveras counties officially endorse me. So does Republican Congressman Tom McClintock, Assemblyman Frank Bigelow (ret), Supervisor Debbie Poochigian (ret) and many more local conservative leaders. I would be honored to receive your vote. FULL TEXT OF MEASURE I

**MAMMOTH UNIFIED SCHOOL DISTRICT
EDUCATOR HOUSING AND SCHOOL SAFETY
AND RENOVATION MEASURE**

This proposition may be known and referred to as the "Mammoth Unified School District Educator Housing and School Safety and Renovation Measure" or as "Measure I".

BOND AUTHORIZATION

By approval of this proposition by at least 55% of the voters of the Mammoth Unified School District (the "District") voting on the proposition, the District shall be authorized to issue and sell bonds of up to \$70,000,000 in aggregate principal amount to provide financing for the specific school facilities projects listed under the heading entitled "BOND PROJECT LIST" below (the "Bond Project List"), and allow the District to qualify to receive potential State of California matching grant funds, subject to all of the accountability safeguards specified below.

ACCOUNTABILITY SAFEGUARDS

The provisions in this section are specifically included in this proposition in order that the voters and taxpayers of the District may be assured that their money will be spent to address specific school facilities needs of the District, all in compliance with the requirements of Article XIII A, Section 1(b)(3) of the Constitution of the State of California (the "California Constitution"), and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Sections 15264 and following of the California Education Code).

Evaluation of Needs. The Board of Education of the District (the "Board") has evaluated the facilities needs of the District in order to determine which projects to finance from a local bond at this time. In order to address the facilities needs of the District, the Board deems it necessary and advisable to fund the specific school facilities projects listed in the Bond Project List. The Board hereby certifies that it has evaluated safety, class size reduction and information technology needs in developing the Bond Project List.

Limitations on Use of Bonds. Proceeds from the sale of bonds authorized by this proposition shall be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses. More specifically, the Bond Project List provides for the specific projects the District proposes to finance with proceeds from the sale of bonds authorized by this proposition and such proceeds shall be applied only to those specific purposes.

Independent Citizens' Oversight Committee. In accordance with and pursuant to California Education Code Section 15278 *et seq.*, the Board shall establish an independent citizens' oversight committee, within 60 days of the date that the Board enters the election results on its minutes pursuant to Section 15274 of the California Education Code, to ensure that (a) bond revenues are expended only for the purposes specified in Article XIII A, Section 1(b)(3) of the California Constitution, and (b) that no funds are used for any teacher or administrative salaries or other school operating expenses. In accordance with Section 15282 of the California Education Code, the citizens' oversight committee shall consist of at least seven members and shall include a member active in a business organization representing the business community located within the District, a member active in a senior citizens' organization, a member active in a bona fide taxpayers' organization, a member that is a parent or guardian of a child enrolled in the District, and a member that is both a parent or guardian of a child enrolled in the District and active in a parent-teacher organization. No employee or official of the District and no vendor, contractor or consultant of the District shall be appointed to the citizens' oversight committee.

Annual Performance Audits. In compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000, the Board shall conduct an annual, independent performance audit to ensure that the proceeds from the sale of bonds authorized by this proposition have been expended only on the school facilities projects listed in the Bond Project List. These audits shall be conducted in accordance with the Government Auditing Standards issued by the Comptroller General of the United States for performance audits. The results of these audits shall be made publicly available and shall be submitted to the citizens' oversight committee in accordance with Section 15286 of the California Education Code.

Annual Financial Audits. In compliance with the requirements of Article XIII A, Section 1(b)(3)(D) of the California Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000, the Board shall conduct an annual, independent financial audit of the proceeds from the sale of bonds authorized by this proposition until all of those proceeds have been spent for the school facilities projects listed in the Bond Project List. These audits shall be conducted in accordance with the Government Auditing Standards issued by the Comptroller General of the United States for financial audits. The results of these audits shall be made publicly

available and shall be submitted to the citizens' oversight committee in accordance with Section 15286 of the California Education Code.

Special Bond Proceeds Account: Annual Report to Board. In compliance with the requirements of California Government Code Section 53410 and following, upon approval of this proposition and the sale of any bonds approved, the Board shall take actions necessary to establish an account in which proceeds of the sale of bonds authorized by this proposition shall be deposited. In compliance with the requirements of California Government Code Section 53411, as long as any proceeds of the bonds remain unexpended, the chief fiscal officer of the District shall cause a report to be filed with the Board at least once a year, stating (a) the amount of funds collected and expended in that year, and (b) the status of any project required or authorized to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as the chief fiscal officer of the District shall determine, and may be incorporated into the annual budget, audit, or other appropriate routine report to the Board.

FURTHER SPECIFICATIONS

Joint-Use Projects. The District may enter into agreements with other public agencies or nonprofit organizations for joint use of the school facilities financed with the proceeds from the sale of bonds authorized by this proposition in accordance with California Education Code Section 17077.42 (or any successor provision). The District may seek State grant funds for eligible joint-use projects as permitted by law, and this proposition hereby specifies and acknowledges that, subject to the limitations on the uses provided for herein, the proceeds from the sale of bonds authorized by this proposition will or may be used to fund all or a portion of the local share for any eligible joint-use projects identified in the Bond Project List or as otherwise permitted by California State regulations, as the Board shall determine.

Single Purpose. All of the purposes enumerated in this proposition shall be united and voted upon as one single proposition, pursuant to California Education Code Section 15100, and all the enumerated purposes shall constitute the specific single purpose of the bonds, and the proceeds from the sale of bonds authorized by this proposition shall be spent only for such purpose, pursuant to California Government Code Section 53410.

Other Terms of the Bonds. When sold, the bonds shall bear interest at an annual rate not exceeding the statutory maximum, and that interest shall be made payable at the time or times permitted by law. The bonds may be issued and sold in several series, and no bond shall be made to mature more than the statutory maximum number of years from the date borne by that bond.

BOND PROJECT LIST

The Bond Project List below lists the specific projects the District proposes to finance with proceeds of the bonds. The Bond Project List shall be considered a part of this bond proposition and shall be reproduced in any official document required to contain the full statement of the bond proposition. Listed projects will be completed as needed at a particular school or school facility site according to Board-established priorities, and the order in which such projects appear on the Bond Project List is not an indication of priority for funding or completion. In so far as permitted by law, each project is assumed to include its share of costs of the election and bond issuance, construction-related costs, such as project and construction management, architectural, engineering, permitting and entitlements, inspection and similar planning and testing costs, demolition and interim housing costs, legal, accounting and similar fees, costs related to the independent annual financial and performance audits, a contingency for unforeseen design and construction costs, and other costs incidental to or necessary for completion of the listed projects (whether the related work is performed by the District or third parties). The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. In addition, certain project funds expected from non-local bond sources, including State of California grant funds for eligible projects, have not yet been secured. Therefore, the Board cannot guarantee that the bond proceeds will provide sufficient funds to allow completion of all listed projects. Alternatively, if the District obtains unexpected funds from non-local bond sources with respect to listed projects, such projects may be enhanced, supplemented or expanded to the extent of such funds. Some projects may be subject to further government approvals, including by State officials and boards and/or local environmental or agency approval. Inclusion of a project on the Bond Project List is not a guarantee that the project will be completed (regardless of whether bond funds are available).

The specific projects authorized to be financed with proceeds from the sale of bonds authorized by this proposition are as follows:

GENERAL PROVISIONS

Interpretation. The terms of this bond proposition and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including Article XIII A, Section 1(b)(3) of the California Constitution, California Education Code Section 15000 et seq. and the Strict Accountability in Local School Construction Bonds Act of 2000. Without limiting the generality of the foregoing, such words as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used in the Bond Project List to describe school facilities projects in plain English and are not intended to expand the nature of such projects beyond, or have an effect on, and shall be interpreted to only permit, what is authorized under Article XIII A, Section 1(b)(3) of the California Constitution, California Education Code Section 15000 et seq. and the Strict Accountability in Local School Construction Bonds Act of 2000. In this regard, the Bond Project List does not authorize, and shall not be interpreted to authorize, expending proceeds of the sale of bonds authorized by this proposition for current maintenance, operation or repairs. The school facilities projects on the Bond Project List only authorize capital expenditures.

Estimated Ballot Information. The Board hereby declares, and the voters by approving this bond proposition concur, that the information included in the statement of the bond proposition to be voted on pursuant to Section 13119 of the California Elections Code is based upon the District's projections and estimates only and is not binding upon the District. The amount of money to be raised annually and the rate and duration of the tax to be levied for the bonds may vary from those presently estimated due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for project funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Headings. The headings or titles of the sections of the bond proposition, including any headings or titles included in the Bond Project List, are solely for convenience of reference and shall not affect the meaning, construction or effect of the bond proposition.

Severability. The Board hereby declares, and the voters by approving this bond proposition concur, that every section and part of this bond proposition has independent value, and the Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this bond proposition by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond proposition are severable.

**IMPARTIAL ANALYSIS BY COUNTY COUNSEL
BOND MEASURE I
MAMMOTH UNIFIED SCHOOL DISTRICT**

Measure I is proposed by the Board of Trustees ("Board") of the Mammoth Unified School District ("District"). Pursuant to the California Constitution and Education Code section 15266, a school district may issue general obligation bonds if approved by 55% (or more) of the voters of the District. This measure would authorize the District to issue and sell bonds up to \$70,000,000 in aggregate principal amount to provide financing for specific school facilities projects listed on the Bond Project List in the measure. Approval of the bond measure does not guarantee that all projects on the Bond Project List will be completed; some may be subject to approval by State officials and boards, and/or environmental or other agency approval. Inclusion of a project on the Bond Project List is not a guarantee that the project will be completed (regardless of whether bond funds are available). The Board has certified that it has evaluated the safety, class size reduction and information technology needs of the District in developing the Bond Project List.

The proceeds from these bonds may be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

By law the Board must establish an independent citizens' oversight committee to ensure that bond proceeds are properly expended for items in the Bond Project List. In addition, the Board must conduct annual, independent financial audits of the bond proceeds until all proceeds have been spent for the projects listed on the Bond Project List.

If the bonds are approved, the District expects to issue the bonds in multiple series over time. Principal and interest on the bonds will be payable from the proceeds of tax levies on taxable real property in the District. These taxes would be in addition to the normal property taxes levied on taxpayers in the District. The amount of the increased taxes each year will depend upon the amount needed to pay the principal and interest on the bonds.

According to the Tax Information Statement, the District estimates that the average annual tax rate that would be levied to fund this bond issue over the duration of the bond debt service is \$36.89 per \$100,000 (3.689 cents per \$100) of assessed valuation. The District estimates that the highest tax rate that would be levied to fund this bond issue is \$41.33 per \$100,000 (4.133 cents per \$100) of assessed valuation in fiscal year 2026-27. It is estimated that the final fiscal year that this tax would be collected is 2054-2055. These estimates and the years in which they apply may vary from those currently estimated due to the variations in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the repayment term.

A "Yes" vote would permit the Board to issue bonds in an amount not to exceed \$70,000,000 to provide financing for the specific school facilities projects listed in the Bond Project List included in the measure.

A "No" vote would **not** permit the Board to issue bonds in an amount not to exceed \$70,000,000 to provide financing for the specific school facilities projects listed in the Bond Project List included in the measure.

TAX INFORMATION STATEMENT FOR MEASURE I

An election will be held in the Mammoth Unified School District (the "District") on March 5, 2024, to authorize the sale of up to \$70,000,000 in bonds of the District to finance school facilities as described in the proposition. If the bond proposition is approved by at least 55% of the voters of the District voting on the bond proposition, the District expects to issue the bonds in multiple series over time. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400 through 9405 of the California Elections Code.

1. The best estimate of the average annual tax rate that would be required to be levied to fund this bond issue over the entire duration of the bond debt service, based on assessed valuations available at the time of filing of this statement, is \$36.89 per \$100,000 (3.689 cents per \$100) of assessed valuation. The final fiscal year in which the tax to be levied to fund this bond issue is anticipated to be collected is fiscal year 2054-55.
2. The best estimate of the highest tax rate that would be required to be levied to fund this bond issue, based on estimated assessed valuations available at the time of filing of this statement, is \$41.33 per \$100,000 (4.133 cents per \$100) of assessed valuation in fiscal year 2026-27.
3. The best estimate of the total debt service, including the principal and interest, that would be required to be repaid if all of the bonds are issued and sold is approximately \$130,535,869.

Voters should note that estimated tax rates are based on *the ASSESSED VALUE* of taxable property on the County's official tax rolls, *not* on the property's market value, which could be more or less than the assessed value. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. The average annual tax rate, the highest tax rate, the final fiscal year in which the tax is anticipated to be collected and the year or years in which they will apply, and the actual total debt service, may vary from those presently estimated for a variety of reasons, including, without limitation, due to variations in the timing of bond sales, the amount or amortization of bonds sold, market conditions at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount or amortization of bonds sold at any given time will be determined by the District based on need for project funds and other factors, including the legal limitations on bonds approved by a 55% affirmative vote. Market conditions, including, without limitation, interest rates, are affected by economic and other factors beyond the control of the District and will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process. The growth or decline in assessed valuation is the result of a number of economic and other factors outside the control of the District.

ARGUMENT IN FAVOR OF MEASURE I

Mammoth's public schools are our most valuable community asset. They teach our children critical skills, prepare them for college and careers, and protect the value of our homes and businesses.

However, the lack of affordable rental housing in our community is jeopardizing our schools' excellence. Teachers and staff members can no longer afford to live here and attracting new staff members is becoming increasingly challenging.

Your YES vote on Measure I will solve this problem by offering more housing to attract and retain highly qualified staff. Simultaneously, Measure I will enhance school safety and modernize facilities and classrooms with NO TAX INCREASE.

Essential improvements to be funded include:

- Building rental housing for teachers and staff so they can live in and be part of the community
- Installing air-conditioning systems at all schools to provide well-ventilated, safe, and comfortable classrooms during hot or smoky days
- Constructing a field house at Mammoth High School so that physical education classes and sports practices can be held indoors
- Repairing and replacing deteriorating structural elements, including flooring and leaking roofs and skylights

Measure I will **protect taxpayers** by:

- Not increasing current tax rates
- Requiring full public disclosure of all spending
- Qualifying for State matching funds
- Requiring annual audits and independent taxpayer oversight of the funds
- Prohibiting funds from going to administrators' salaries, pensions, or benefits
- Imposing strict legal safeguards requiring all monies to be spent on our local schools

To attract and retain highly qualified teachers and staff while protecting property values, improve our local schools, and keep our students safe, please join parents, teachers, grandparents, guardians, neighbors, business owners, and community leaders in voting **YES on Measure I!**
