

County of Mono EMS Department

MCEMS Newsletter Update: Welcoming Our New Team Members

From October 27–31, 2025, Mono County EMS proudly hosted its EMS Academy for seven new hires. This immersive, week-long program introduces incoming team members to the full scope of MCEMS operations—including local area familiarization, radio communications, clinical protocols, equipment use, and our scheduling systems. The academy plays a vital role in preparing our personnel for success and ensuring they are ready to serve our community with confidence and competence.

We extend a warm welcome and congratulations to our newest paramedics and EMTs. We are excited to have you join the MCEMS family and look forward to the contributions you will bring to our organization.

A special thank you goes to Training Captain Mike Sharrar and the many MCEMS staff members who dedicated their time and expertise to planning, coordinating, and teaching throughout the week. Your commitment directly contributes to the high standard of service we provide.

Below, you will find a detailed introduction of each new hire, thoughtfully prepared by Captain Sharrar.

Thank you,

Bryan Bullock

MCEMS Chief

Please join me in welcoming our newest employees to Mono County EMS. We are excited to bring on two full-time Paramedics and several new Reserve EMTs who bring a wide range of experience, strong work ethic, and a shared commitment to serving our community.

Full-Time Paramedics

Jesse Garcia – Paramedic

Jesse joins us with a solid paramedic background and a strong focus on patient care, teamwork, and operational readiness. His application reflects a consistent history of professional growth, responsibility, and a drive to work in high-acuity EMS environments. Jesse's experience will be an asset to our full-time team as we continue improving service delivery across the county.

John Kermanshahi – Paramedic

John brings extensive medical and emergency experience, including working in dynamic, fast-paced environments that require strong clinical judgment and composure. His background and demonstrated commitment to EMS make him a valuable addition to our full-time paramedic staff. John is eager to integrate into Mono County EMS operations and contribute to team development.

Reserve EMTs

Neeve Esfahani – Reserve EMT

Neeve brings experience rooted in customer service, multitasking, and community-oriented work. His background highlights a strong ability to learn quickly, adapt to new environments, and work well with team members—qualities that transition effectively into the EMS setting.

Beth Warner – Reserve EMT

Beth comes to us with excellent interpersonal and organizational skills built through her previous professional roles. Her application shows a strong dedication to public service and a desire to grow clinically in EMS. She has a clear motivation to expand her medical knowledge and serve the Mono County community.

Bryce Freeman – Reserve EMT

Bryce has hands-on experience in physically demanding roles including mountain and technical environments. His background demonstrates calmness under pressure, problem-solving skills, and a strong team-focused mindset—all of which are ideal for EMS field operations.

Isaac Gillman – Reserve EMT

Isaac joins us with significant SAR and EMS-related field experience. His work as an ER Tech at Mammoth Hospital and prior service in Yosemite Search and Rescue brings valuable real-world patient care, technical rescue, and backcountry skills. Isaac's experience will enhance our operational capability during both everyday calls and high-risk incidents.

Devon Kornak – Reserve EMT

Devon brings a diverse history of leadership, crisis management, and patient care through his previous roles, including professional ski patrol and work in youth residential care. His EMS education, psychology background, and rescue experience make him a well-rounded addition to our reserve EMT group.
