

PUBLIC WORKS MAINTENANCE WORKER II

DEFINITION

Under supervision, to perform a variety of assignments in the maintenance, repair, and construction of roads, bridges, drainage systems and other public works facilities; to learn more advanced equipment operation; to perform a variety of skilled and semi-skilled work in the maintenance and repair of buildings, fixtures and plant equipment; to perform grounds maintenance duties; and to do related work as required.

DISTINGUISHING CHARACTERISTICS

This is the advanced apprentice level in the Public Maintenance Worker Class series. Incumbents in this series will be assigned primarily to either Road work or Facilities work, but may be cross-trained in and assigned in both as workload demands. Incumbents perform the more difficult tasks with less supervision than the Maintenance Worker I Classification. An incumbent typically advances to the Maintenance Worker III class after two to three years of increasingly responsible work experience.

REPORTS TO

Public Works Maintenance District Supervisor.

CLASSIFICATIONS DIRECTLY SUPERVISED

None.
