Motion: John

Second: Gary

Nomination: Claire

Vote: All yes

2. Input on Regional Transportation Plan (Aaron)

Discussion of RTP and JL ATP (Detailed description in documents online)

David: questions about disposition of ATP

Claire: County roadway standards.

Status of Peterson Tract changes

Bob: Will be studied this year by Paul Roten for a new standard.

Claire: surprised about emphasis on interpretive signage, wondered where the enthusiasm came from

Wendy: Some came from ESIA and CURES (which no longer exists)

Also scenic byway plan, can it be reactivated

Wendy: would depend on local interest

Gary: question about fixing North shore drive

Bob: It is on RTIP

3. Options and capabilities for remote / hybrid meetings (Aaron)

The 'Owl' did not work well

Other options:

1. Do nothing
2. Use a county facility that already is provisioned.
3. People would need to go up to the microphone.

Consensus: No changes for now but track technology improvements, and can still use Owl under certain circumstances for meetings on topics of significant interest to the public.

Reports

Supervisor Gardner:

SCE: talked about wildfire, and status of relicensings.
