CONDITIONS OF APPROVAL

DR 21-002 is issued with the following conditions:

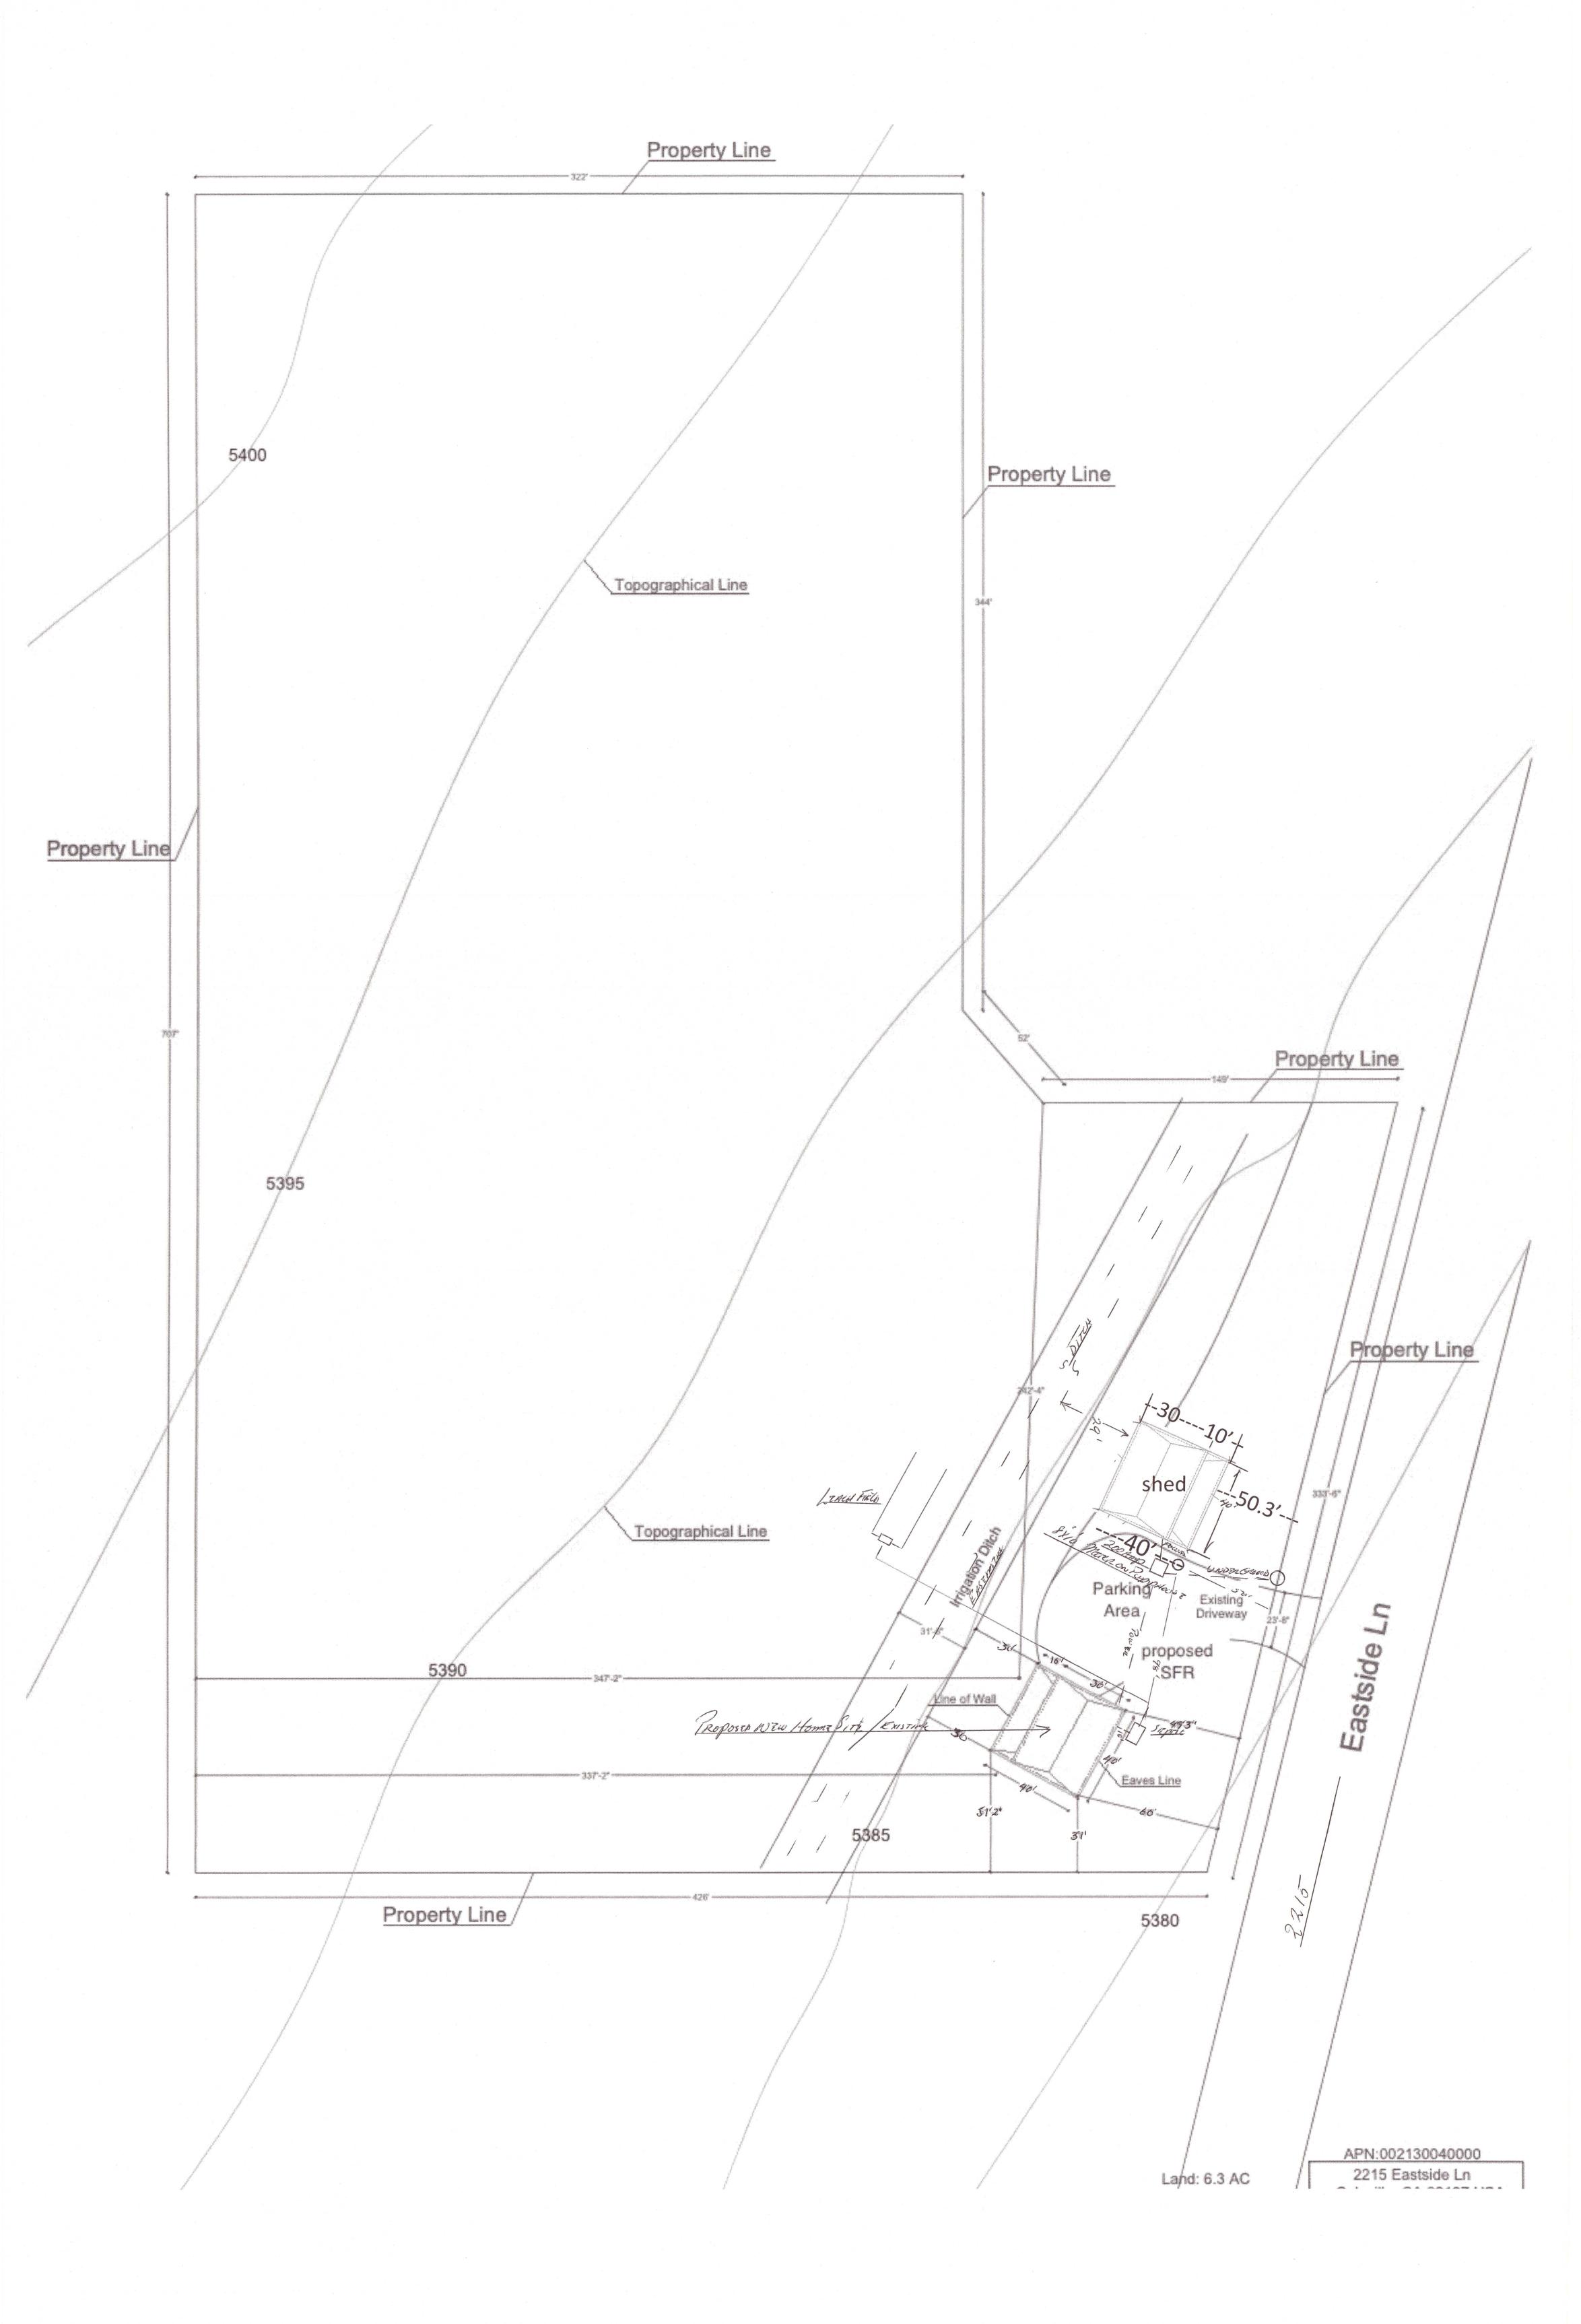

- 1. Project shall comply with Mono County Building Division requirements.
- 2. The garage will not be used for a Home Occupation (MCGP 04.290) and will only be used for storage as stated in the project description.
- 3. Owner shall submit an application for a single-family home building permit within three years, subject to an extension that may be granted by the Director given the lack of available designers and contractors and the cost of materials.
- 4. Termination. A Director Review shall terminate, and all rights granted therein shall lapse, and the property affected thereby shall be subject to all the provisions and regulations applicable to the land use designation in which such property is classified at the time of such abandonment, when any of the following occur:
 - A. There is a failure to commence the exercise of such rights, as determined by the Director, within one year from the date of approval thereof. Exercise of rights shall mean substantial construction or physical alteration of property in reliance with the terms of the Director Review.
 - B. There is discontinuance for a continuous period of one year, as determined by the Director, of the exercise of the rights granted.
 - C. No extension is granted as provided in Section 31.080.
- 6. Extension: If there is a failure to exercise the rights of the Director Review within one year of the date of approval, the applicant may apply for an extension for an additional one year. Any request for extension shall be filed at least 60 days prior to the date of expiration and shall be accompanied by the appropriate fee. Upon receipt of the request for extension, the Planning Division shall review the application to determine the extent of review necessary. Conditions of Approval for the Director Review may be modified or expanded, including revision of the proposal, if deemed necessary. The Planning Division may also deny the request for extension. Exception to this provision is permitted for those Director Reviews approved concurrently with a tentative parcel or tract map; in those cases, the approval period(s) shall be the same as for the tentative map.
- 7. Revocation: The Planning Commission may revoke the rights granted by a Director Review, and the property affected thereby shall be subject to all the provisions and regulations of the Land Use Designations and Land Development Regulations applicable as of the effective date of revocation. Such revocation shall include the failure to comply with any condition contained in the Director Review or the violation by the owner or tenant of any provision pertaining to the premises for which such Director Review was granted. Before revocation of any permit, the commission shall hold a hearing thereon after giving written notice thereof to the permitted at least 10 days in advance of such hearing. The decision of the commission may be appealed to the Board of Supervisors in accordance with Chapter 47, Appeals, and shall be accompanied by an appropriate filing fee.

This Director Review permit shall become effective 15 days following the issuance of the Director's decision. This decision may be appealed within 10 days by filing a written notice of appeal with the secretary of the Planning Commission. If an appeal is filed, the permit will not be issued until the appeal is considered and the Planning Commission renders a decision.

PREPARED BY: Wendy Sugimura, Director DATE OF DECISION: <u>August 16, 2021</u>

PO Box 8

Planning / Building / Code Compliance / Environmental / Collaborative Planning Team (CPT) Local Agency Formation Commission (LAFCO) / Local Transportation Commission (LTC) / Regional Planning Advisory Committees (RPACs) Revised July 2020

1. VICINITY MAP:

Attach a copy of assessor's parcel pages or a vicinity map showing the subject property in relation to nearby streets and lots or other significant features.

2. EXISTING DEVELOPMENT:

Vacant \Box If the site is developed, describe all existing uses/improvements such as structures, roads, etc. Does the Plot Plan show these uses? Yes \Box No \Box

- 3. ACCESS/CIRCULATION: Name of Street Frontage(s) FASTSIDE LANE Paved Dirt D No existing access D Are there any private roads, drives or road easements on/through the property? Yes NO DRIVE WAY EPOROACHY EAT SHOWN SITEPLAN EXISTING Has an encroachment permit been submitted to Public Works or Caltrans? Yes 🔲 No 🖾 Does the property have any existing driveways or access points? Yes 🖉 No 🖵 Are any new access points proposed? Yes 🗖 No 🗖 Does the Plot Plan show the driveways or access points? Yes No Describe the number and type of vehicles associated with the project 4. ADJACENT LAND USES: A. Describe the existing land use(s) on adjacent properties. Also note any major man-made or natural features (i.e., highways, stream channels, number and type of structures, etc.). LAND USE LAND USE North ASTORE South STSIDEL East IMPONE West B. Will the proposed project result in substantial changes in pattern, scale or character of use in the general area? Yes 🛛 No 🗹 If YES, how does the project propose to lessen potential adverse impacts to surrounding uses? 5. SITE TOPOGRAPHY: Is the site on filled land? Yes 🗋 No 🗖 Describe the site's topography (i.e., landforms, slopes, etc.) CAN 6. DRAINAGES: A. Describe existing drainage ways or wetlands on or near the project site (i.e., rivers, creeks and drainage ditches 12" or deeper and/or within 30' of the property) LODE COMPANY DITCH 30 W/DE NEW SHOP SITE B. Are there any drainage easements on the parcel? Yes No C. Will the project require altering any streams or drainage channels? Yes D No. If YES, contact the Department of Fish and Game for a stream alteration permit. IF YES TO ANY OF THE ABOVE, show location on plot plan and note any alteration or work to be done within 30 feet of the stream or drainage.
- 7. VEGETATION:

A. Describe the site's vegetation and the percentage of the site it covers (map major areas of vegetation on the Plot Plan) NO VEGETATION OLD HOWF

REMOVED FROM SITE BY STATE R. O.E. SUBMITTED.

- B. How many trees will need to be removed?
- C. Are there any unique, rare or endangered plant species on site? Yes I No.
- D. Has the site been used for the production of agricultural crops/trees or grazing/pasture land in the past or at the present time? Yes D No D
- E. Is landscaping/planting of new vegetation proposed? Yes Z No
- 8. WILDLIFE:
 - A. Will the project impact existing fish and wildlife? Yes **No No** Describe existing fish and wildlife on site and note any proposed measures (if any) to avoid or mitigate impacts to fish and wildlife
 - B. Are there any unique, rare or endangered animal species on site? Yes 🔲 No 🗹

9. CULTURAL RESOURCES:

A. Are there any cemeteries, structures or other items of historical or archaeological interest on the property? Yes D No Specify

10. SITE GRADING:

- Will more than 10,000 square feet of site area be cleared and/or graded?
 Yes □ No □ If YES, how much? _____
- B. Will the project require any cuts greater than 4' or fills greater than 3'? Yes No-
- C. Will the project require more than 200 cubic yards of cut or fill? Yes No. If YES, how much? _____ If YES to A, B or C, contact the Department of Public Works for a grading permit.
- D. Will site grading of 10% or more occur on slopes? Yes D No

E. Note any measures to be taken to reduce dust, prevent soil erosion, or the discharge of earthen material off site or into surface waters <u>UATER</u> <u>CARU</u> <u>April</u>

11. AIR QUALITY:

- A. Will the project have wood-burning devices? Yes D No If YES, how many?
- B. What fuel sources will the proposed project use? Wood 🔲 Electric 🖾 Propane/Gas 🖵
- C. Will the proposal cause dust, ash, smoke, fumes or odors in the vicinity? Yes 🛛 No 🖾

12. VISUAL/AESTHETICS:

- A. How does the proposed project blend with the existing surrounding land uses? <u>REPLACING STRUCTURE THAT WAS IN EXACT</u> LOCATTON <u>PRIOR TO M.N.F.</u>
- B. How does the proposed project affect views from existing residential/commercial developments, public lands or roads?
- C. If outdoor lighting is proposed, describe the number, type and location $\frac{W/WALL}{TUD}$

13. NATURAL HAZARDS:

- A. Is the site known to be subject to geologic hazards such as earthquakes, landslides, mudslides, ground failure, flooding, avalanche or similar hazards? Yes No. 2
 (Circle applicable hazard[s]).
- B. Will any hazardous waste materials such as toxic substances, flammables or explosives be used or generated? Yes D No D
- C. Does the project require the disposal or release of hazardous substances?

 E. Will there be a substantial change in existing noise or vibration levels? Yes No. More on back 14.
