

Regarding application for a use permit:

In the letter #2 from the homeowner to "Hi Michael"..... it is brought up this venture is a " We are a Certified Owned Small Business, a Certified Woman owned Business, and both CA and Federally Certified Veteran owned business", #1. There is nothing small about this business, #2.the last Woman owned Business venture here was a few years ago when a group wanted to circulate water through hugh metal pipes from a tarn at the top of Wheeler Crest down and use turbines to send it back up to recirculate in order to make electricity and #3. CA and Federally Certified Veteran is honorable; however, my husband is a war veteran and retired from the Air Force, we moved here in 1978 and it was not to listen to the clanging of equipment., sounds travel in the mountains.

In parting I suggest Mr. Draper considers number 1,2,3,4&5 of the Mono County General Plan.
