The first step in writing your conclusion is to restate your thesis. This is a good way to remind the reader of your main argument and to provide a clear starting point for your discussion. After restating your thesis, you should then discuss the evidence you have presented in your paper. This is where you can explain how your evidence supports your thesis and how you have addressed any counterarguments. Finally, you should conclude your paper by summarizing your findings and making a final statement about your thesis.

When writing your conclusion, it is important to be clear and concise. Avoid using vague language or making broad generalizations. Instead, focus on the specific evidence you have presented and how it relates to your thesis. By doing so, you can ensure that your conclusion is both persuasive and easy to understand.

Another important tip is to avoid introducing new information in your conclusion. Your conclusion should focus on the evidence you have already presented and how it supports your thesis. Introducing new information at this point can be confusing for the reader and may weaken your argument.

Finally, it is important to end your conclusion with a strong statement. This is your chance to leave a lasting impression on the reader and to emphasize the importance of your findings. By ending with a strong statement, you can ensure that your paper has a clear and memorable ending.

In conclusion, writing a strong conclusion is an essential part of the writing process. By following these tips, you can ensure that your conclusion is both persuasive and easy to understand. Remember to restate your thesis, discuss your evidence, avoid introducing new information, and end with a strong statement.

How to Write a Strong Conclusion

When writing a conclusion, it is important to restate your thesis and summarize your main points. This helps the reader understand your overall argument and the evidence you have presented. Additionally, you should discuss the implications of your findings and any limitations of your study. This shows that you have thought deeply about the topic and are aware of the strengths and weaknesses of your work.

Another key element of a strong conclusion is to provide a clear and concise summary of your findings. This should be done in a way that is easy to understand and that highlights the most important aspects of your research. By doing so, you can ensure that your reader is left with a clear understanding of what you have discovered and why it matters.

Finally, it is important to end your conclusion with a strong statement that leaves a lasting impression on the reader. This could be a statement about the significance of your findings or a call to action for further research. By ending with a strong statement, you can ensure that your reader is left with a clear sense of the importance of your work.

obligated by law or contract to compensate the employee for such work at a rate of one and one half (1 1/2) times their hourly rate of pay (hereinafter referred to as "overtime"), the hourly rate of pay for such overtime hours worked under this Agreement, used for purposes of determining Employee Costs, will be one and one half (1-1/2) times the employee's hourly rate of pay.

The County's costs for these services and work shall be the actual cost to the County for the services and work.
- C. Project Fund. County shall establish a Project Fund (hereinafter referred to as "Project Fund") to administer all funds provided by Applicant to County pursuant to this Agreement: All costs incurred by County that arise from this Agreement will be paid from the Project Fund. Any money deposited in the Project Fund shall be used for no purpose other than the payment of these costs; however, within sixty days following the termination of this Agreement, and after payment has been made of all outstanding costs incurred by the County, any funds remaining in the Project Fund will be returned to Applicant. Applicant shall not be entitled to any interest on funds deposited and held in the Project Fund, nor shall County have any obligation to invest said funds on behalf of the Applicant. Nevertheless, in the event that the County itself actually earns any interest on such funds in its possession that can be reasonably traced or attributed to those funds, it shall, to the extent both legally permissible and reasonably practicable for the County Auditor-Controllers office, use its best efforts to pass said earned interest through to the Applicant by depositing or crediting it to the Project Fund. The Mono County Community Development Director, or his designee, shall be responsible for insuring that all payments from Project Fund are made in the appropriate time and manner.
- D. Initial Deposit/Payments to County and Contractors. Within 15 days after the effective date of this Agreement, Applicant shall deposit with the County the sum of \$_____. Applicant shall make payment to County in the amount of the statement within twenty days of receipt of the statement. Upon receipt of a payment from Applicant, County shall immediately deposit the funds into the Project Fund. If Applicant fails to make a payment in the amount of the statement to the County within the 20-calendar day period, County may cease all work and services under this Agreement until the funds have been provided.

- F. Limit Upon Amount Payable Under Agreement. Except for costs that may be required to be paid to County or others pursuant to Section 8 (Defense and Indemnification), the total sum of all payments made by Applicant to County for services and work performed under this Agreement shall not exceed the total of the following: (1) costs of County employees who perform services and work pursuant to this Agreement (including overtime, costs of fringe benefits, and travel costs), (2) special costs incurred by the County, (3) costs of services and work performed by any Contractors retained by County to perform work and services under this Agreement, and (4) overhead costs.

No agent, officer, or employee of the any party to this Agreement is to be considered an employee of any other party to this agreement. This Agreement shall not, under any circumstances, be construed or considered to create an employer-employee relationship or a joint venture between County and Applicant. The County and the Applicant, its agents, officers, and employees are not, and at all times during the term of this Agreement shall not, represent or conduct themselves as employees of one another.
- B. County shall determine the method, details, and means of performing the work and services to be provided by County under this Agreement. County shall be responsible to Applicant only for the responsibilities and work specified in this Agreement, and, except as expressly provided in this Agreement, shall not be subjected to control with respect to the physical action or activities of Applicant in fulfillment of this Agreement.

8. **DEFENSE AND INDEMNIFICATION.**

- A. Applicant shall defend, indemnify, and hold harmless County, its agents, officers, and employees from and against all claims, damages, losses, judgments, liabilities, expenses, and other costs, including litigation costs and attorney's fees, arising out of, resulting from, or in connection with, the County's acts or omissions with regard to its compliance with CEQA or other laws, with regard to the preparation and processing of the CEQA reports and documentation and with regard to the decision based thereon concerning the Project. Specifically, Applicant's obligation to defend, indemnify, and hold the County harmless specifically extends to any suit or challenge by any third party against the County that contests the legality or adequacy of the CEQA reports and documentation or the County's compliance with the requirements of CEQA or other laws. The Applicant will have the option to use Mono County legal counsel (which could include contracted attorneys) and pay the County for those fees or obtain outside counsel to handle such suit. In either case, the County will have the right to participate in settlement of any such suit or challenge. Should Applicant fail to defend, indemnify, and hold harmless County, County may discontinue the defense of any such litigation. Nothing in this Agreement shall be construed to waive or diminish either Party's right, or the right of a non-Party, to challenge any decision, or defend

any challenge, arising out of the CEQA process.

- (1) Applicant's obligations to defend, indemnify, and hold the County, its agents, officers, and employees harmless under the provisions of this paragraph shall include, but not be limited to:
 - a. the costs of any judgments or awards against the County for damages, losses, litigation costs, or attorney's fees arising out of a suit or challenge contesting the adequacy of the CEQA reports and documentation and/or County's compliance with CEQA or other laws;
 - b. the costs of any settlement representing damages, litigation costs, and attorney's fees to be paid to other parties arising out of a suit or challenge contesting the adequacy of the CEQA reports and documentation and/or the County's compliance with CEQA or other laws.
- (2) As to any judgments, awards or settlement costs, all parties to this agreement, or persons hired by any party to this agreement, will proceed in good faith and with reasonable diligence to achieve a settlement or other disposition of the same that will minimize, to the extent reasonably practicable, Applicant's costs of defense and indemnification of County under this Agreement. Parties will consult with one another and give due consideration to all party's views prior to any such settlement of final disposition. County shall promptly notify Applicant of any claim, action, or proceeding brought pursuant to Government Code Section 66499.37 and shall cooperate fully in its defense.

- B. Applicant's obligations to defend, indemnify, and hold the County, its agents, officers, and employees harmless under the provisions of this paragraph are not limited to, or restricted by, any policy of insurance or contract limit.
- C. Applicant's obligations to defend, indemnify, and hold the County, its agents, officers, and employees harmless under the provisions of this paragraph will be effective regardless of whether a valid permit is in place or has been invalidated.

9. **CANCELLATION/WITHDRAWAL OF APPLICATION.**

- A. This Agreement may be canceled by Applicant without cause and at will for any reason by giving to County written notice of such intent to cancel. Cancellation of this Agreement shall be effective on the fifth business day following receipt of a written cancellation notice by County. Cancellation of this Agreement by Applicant shall act as a withdrawal by Applicant of its request for any approval from Mono County pertaining to the Project as described in this Agreement effective on the date of the cancellation.
- B. Upon receipt of notice of a cancellation, or upon the effective date of a termination by default, County shall terminate all contracts with Contractors and make final payment from the Project Fund to such Contractors. County also shall make final payment to itself for any other unpaid costs incurred by the County in providing services or work under this Agreement. Within sixty days of the cancellation or termination, County shall pay to Applicant any funds remaining in the Project Fund after the County has paid all Contractors, all costs incurred for work or services performed by County employees, and all special costs.

- C. A cancellation of this Agreement, or a termination of this Agreement by default as set forth in Section 11 below, shall not terminate Applicant's obligation to defend, indemnify, and hold the County harmless under the provisions of Section 8 of this Agreement.

10. ASSIGNMENT.

Applicant may assign its rights or delegate its duties under this Agreement at any time, to any party surviving a takeover or merger of the real property involved in this Agreement with Applicant providing that such party assumes in writing all of Applicant's obligations under this Agreement.

11. DEFAULT.

A. If Applicant fails to pay County for the work and services performed by County in a timely manner, County may declare default, and notify Applicant in writing of the facts constituting such default. Within 30 days of service of such notification of default, Applicant may cure the default by paying to County all amounts owing to County for services and work. Service of a notice of default on the defaulting party and allowance of the thirty (30) calendar day period for the defaulting party to commence with diligence to cure such default shall be a condition precedent to any termination of this Agreement or to the bringing of any action based upon such default. If Applicant fails to make the payment within the 30-day period, County may deduct the amount owed from any available funds that remain in the Project Fund. Such deduction by County shall not cure Applicant's default unless the Applicant replenishes the Project Fund within thirty (30) calendar days from the day of withdrawal by the County. Applicant's default shall not be excused if insufficient funds remain in the Project Fund to cover the amount owed. If at the end of the 30-day period, Applicant has failed to make the required payment, County at its election, may terminate this Agreement by written notice thereof to the Applicant. A notice of Termination shall act as a withdrawal by Applicant of its request for any approval from Mono County pertaining to the Project as described in this Agreement effective on the date of the notice.

B. Except for a failure to make a required payment as set forth in paragraph "A" above, if either Party should fail to comply with the other terms and conditions of this Agreement, the other party may declare default and notify the "defaulting" party in writing of the facts constituting such default. Upon making such written notification, the defaulting party will have thirty (30) calendar days to cure such default. A party shall be deemed to cure the default if within the time period set forth herein, the defaulting party begins and thereafter diligently continues to completion curing such default. Service of a notice of default on the defaulting party and allowance of the thirty (30) calendar day period for the defaulting party to commence with diligence to cure such default shall be a condition precedent to any termination of this Agreement or to the bringing of any action based upon such default. If any default is not cured or deemed cured hereunder, the non-defaulting party, at its election, may terminate this Agreement by written notice thereof to the defaulting party. A notice of Termination shall act as a withdrawal by Applicant of its request for any approval from Mono County pertaining to the Project as described in this Agreement effective on the date of the notice of default.

12. WAIVER OF DEFAULT.

Waiver of any default by either party to this Agreement shall not be deemed to be waiver of any subsequent default. Waiver or breach of any provision of this Agreement shall not be deemed to be a waiver of any other or subsequent breach, and shall not be construed to be a modification of

the terms of this Agreement unless this Agreement is amended as described in Section 16 below.

13. CONFIDENTIALITY.

The County shall make every effort to keep information and records kept, maintained, or accessible by County in the course of performance under this Agreement as privileged, restricted, or confidential to the fullest extent possible while complying with applicable provisions of the federal, state, and county regulations.

14. SEVERABILITY.

If any portion of this Agreement or application thereof to any person or circumstance shall be declared invalid by a court of competent jurisdiction, or if it is found in contravention of any federal, state, or county statute, County Code, or regulation, the remaining provisions of this Agreement, or the application thereof, shall not be invalidated thereby, and shall remain in full force and effect to the extent that the provisions of this Agreement are severable.

15. ATTORNEY'S FEES.

If either of the Parties brings an action or proceeding against the other, including, but not limited to, an action to enforce or declare a default, cancellation, termination, or revision of the Agreement, the prevailing party in such action or proceeding shall be entitled to receive from the other party all reasonable attorney's fees and costs incurred in connection therewith.

16. AMENDMENT.

This Agreement may be modified, amended, changed, added to, or subtracted from, by the mutual consent of the Parties. Any modification, amendment or change shall be in written form and executed with the same formalities as this Agreement, and attached to the original Agreement.

17. NOTICE.

Any notice, communication, amendments, additions, or deletions to this Agreement, including change of address of either party during the term of this Agreement, which Applicant or County shall be required, or may desire, to make, shall be in writing and may be personally served, or sent by prepaid first class mail to, the respective parties as follows:

USE PERMIT INFORMATION

INTRODUCTION:

A Use Permit is a discretionary permit issued by the Planning Commission, typically for uses that may be compatible with surrounding land uses under certain conditions. After holding a public hearing to receive input and comment, the Planning Commission sets conditions or standards, makes the required Use Permit "findings," and issues Use Permits.

APPLICATION PACKET SHALL INCLUDE:

- ✓ A. Completed application form.
- ✗ B. Completed Project Information form or Expanded Environmental Submittal for larger projects.
- ✗ C. Detailed Plot Plan meeting the requirements of the attached Plot Plan guidelines (one copy no larger than 11" x 17"). Applicants of larger projects may be required to submit additional copies.
- ✗ D. Elevations or flat scale drawings of the proposed project (one copy no larger than 11" x 17"). Applicants of larger projects may be required to submit additional copies.
- ✓ E. Floor plans of the proposed project (one copy no larger than 11" x 17"). Applicants of larger projects may be required to submit additional copies.
- F. Deposit for project processing: See Development Fee Schedule for Use Permit. Project Applicants are responsible for costs incurred above deposit amount.
- ✗ G. Completed Environmental Processing & Review agreement.
- ✗ H. Environmental Review (CEQA): See Development Fee Schedule for Categorical Exemption, Negative Declaration, Prior Environmental (15183), and Environmental Impact Report. Applicants must prepay the contract estimate for environmental review, plus 20% deposit for staff time. Applicants are responsible for cost incurred above the prepaid amount.

APPLICATION REVIEW PROCEDURE:

- ✓ A. **Preapplication conference** with County staff. Conferences can be requested by staff or the applicant for larger projects, or projects that may generate significant public controversy.
- B. **Application packet submitted** to the Planning Division.
- C. **Staff review of application packet.** If application is incomplete, the applicant will be notified of deficiencies. Generally, projects requiring the preparation of a Negative Declaration or Environmental Impact Report will take longer to process.

If the application is deemed complete, the packet will be sent for review by local, state and federal agencies, and a Land Development Technical Advisory Committee (LDTAC) meeting will be scheduled. If the application is deemed complete, the packet will be sent for review by local, state and federal agencies, and a Land Development Technical Advisory Committee (LDTAC) meeting will be scheduled. The LDTAC consists of representatives from the Planning, Public Works and Health departments. The preparation of a Planning Commission staff report and environmental document will also commence.

LDTAC meetings for projects requiring a Negative Declaration or EIR, are scheduled a minimum of four weeks after a complete project application is accepted. Projects that are Categorically Exempt could be scheduled sooner. Board of Supervisors' Minute Order 83-1154 requires the Planning Division to give local fire districts at least 20 days to review and comment on projects. After the initial review period, LDTAC meetings are held to examine comments and concerns of local, state and federal agencies.

- D. **LDTAC review of project.** The LDTAC will review with the applicant the Staff Report with conditions of approval, comments from other agencies and the environmental document. A Planning Commission hearing will be scheduled following the LDTAC meeting.

Due to public review and noticing requirements, most Planning Commission public hearings will not be scheduled for at least two weeks after the LDTAC meeting. Projects requiring Negative Declarations or EIRs will have longer review periods.

- E. **Final Staff Report and environmental document.** A final Staff Report and, if applicable, environmental documentation will be sent to the Planning Commission and the applicant five days prior to the public hearing.
- F. **Planning Commission public hearing.** Following a staff presentation and additional public testimony, the Planning Commission will make an environmental determination and then take action on the proposed project. It can: 1) deny; 2) approve; 3) approve with conditions; or 4) continue the hearing to receive additional input.

The applicant's attendance at the hearing is vital to provide commissioners with additional information and to answer questions. Unless it is appealed to the Board of Supervisors, the Planning Commission's decision is usually the last administrative action.

- G. **Appeal of the Planning Commission's decision.** The applicant or other interested parties can appeal the Planning Commission's decision to the Board of Supervisors. A completed appeal application with accompanying fees must be filed with the Planning Division within 10 days of the decision date.
- H. **Inactive Project.** The project shall be deemed inactive if the applicant has not submitted requested materials from the most recent County correspondence within 180 days, in accordance with 04.360, Mono County Land Use Element.
