1. Call to order & attendee introductions
2. Public comment- No Public Comment
3. Review/approve minutes of August 5, 2020 and February 3, 2021- Approved as submitted.
4. Subcommittee status reports- Ormat gave overview of their well production rates, temperatures, pressures, and flow rate. Gave an overview of the drilling progress. No additional information presented from the subcommittee.
5. USGS monitoring data (Basalt Canyon temperature logs)-Jim presented a PowerPoint in which most of the auto recording was not audible.
6. USGS water chemistry of MCWD wells and new Basalt Canyon monitoring wells- No one present to give an update.
7. CD IV Groundwater Monitoring & Response Plan (GMRP) and BLM report on monitoring well development activities- Ormat opened with an update on the drilling progress. 2 injection wells have been drilled. Both are South-East of the existing powerplant. Plan is to move on to a production well in a few weeks after finalizing permits with the BLM.

8. Adjourn to next meeting February 2, 2022- Meeting ended at 10:54 a.m.
