II. Optional Services Proposal	1
Household Hazardous Waste	2
E-Waste	3
Universal Waste	4
Aggregate / Inerts	5
Automobiles	6
Mobile Homes	7
Trailers	8
Proposed Fees	9

Describe how, and where, each waste and material would be accepted, handled, and processed, disposed of, or recycled.

Household Hazardous Waste	
Acceptance criteria (if any)	
Tonnage limits (if any)	
Tipping floor or unloading areas	
Temporary storage: (up to 90 days)	
Long-term storage (90-365 days)	
Processing at IMMC	
Removal/Transport from IMMC (any subcontractor)	
Final disposition of material	
• % disposed	
• % recycled / diverted from landfill disposal	
• % transformed	

E-Waste	
Acceptance criteria (if any)	
Tonnage limits (if any)	
Tipping floor or unloading areas	
Temporary storage: (up to 90 days)	
Long-term storage (90-365 days)	
Processing at IMMC	
Removal/Transport from IMMC (any subcontractor)	
Final disposition of material	
• % disposed	
• % recycled / diverted from landfill disposal	
• % transformed	

Universal Waste	
Acceptance criteria (if any)	
Tonnage limits (if any)	
Tipping floor or unloading areas	
Temporary storage: (up to 90 days)	
Long-term storage (90-365 days)	
Processing at IMMC	
Removal/Transport from IMMC (any subcontractor)	
Final disposition of material	
• % disposed	
• % recycled / diverted from landfill disposal	
• % transformed	

Aggregate / Inerts	
Acceptance criteria (if any)	
Tonnage limits (if any)	
Tipping floor or unloading areas	
Temporary storage: (up to 90 days)	
Long-term storage (90-365 days)	
Processing at IMMC	
Removal/Transport from IMMC (any subcontractor)	
Final disposition of material	
• % disposed	
• % recycled / diverted from landfill disposal	
• % transformed	

Automobiles	
Acceptance criteria (if any)	
Tonnage limits (if any)	
Tipping floor or unloading areas	
Temporary storage: (up to 90 days)	
Long-term storage (90-365 days)	
Processing at IMMC	
Removal/Transport from IMMC (any subcontractor)	
Final disposition of material	
• % disposed	
• % recycled / diverted from landfill disposal	
• % transformed	

Mobile Homes	
Acceptance criteria (if any)	
Tonnage limits (if any)	
Tipping floor or unloading areas	
Temporary storage: (up to 90 days)	
Long-term storage (90-365 days)	
Processing at IMMC	
Removal/Transport from IMMC (any subcontractor)	
Final disposition of material	
• % disposed	
• % recycled / diverted from landfill disposal	
• % transformed	

Trailers	
Acceptance criteria (if any)	
Tonnage limits (if any)	
Tipping floor or unloading areas	
Temporary storage: (up to 90 days)	
Long-term storage (90-365 days)	
Processing at IMMC	
Removal/Transport from IIMMC (any subcontractor)	
Final disposition of material	
• % disposed	
• % recycled / diverted from landfill disposal	
• % transformed	

Note: if Proposer does not plan on maintaining staff on-site when the IMMC is open to the public, please provide detail on how

Optional Services – Proposed Fees

Proposer shall provide a price per unit, by ton, or per unit and per ton on all of the following materials. Price proposal must be inclusive of all capital costs associated with the construction of any facility necessary to provide the services, and annual operation and maintenance costs of the facility, including waste and materials collection, management, hauling, recycling and/or disposal.

Material	Unit Description	Price per Unit	Price Per Ton	Assumed Annual Tons/Units	Projected Annual Cost
HHW					
E-Waste					
Universal Waste					
Aggregate/Inert					
Automobiles					
Mobile Homes					
Trailers					
Annual Total
