MEEK MOSS GREEN PAINT COLOR

Meek Moss Green color is a rain-drizzled, mossy-grayed blue-green and is part of our historic color collection within the Then, Now & Forever® collection. It was discovered on the interior of the Meek Mansion, a Victorian-Italianate structure, built in 1869 in Hayward, CA. The name Meek Moss Green was named in honor of the historical home. Try it on kitchen cabinets and built-ins in a higher sheen for a lush look to your home.
